

REMARKS

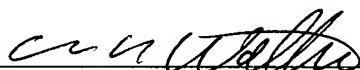

The above claim amendments are presented in order to remove multiple claim dependencies, so as to reduce the required filing fee, and in order to otherwise place the claims in a desired form for examination.

The specification has been amended to add the biographical data to the top of page 1, and to correct misspellings in some of the headings.

In the drawings, sheet 6/6, containing only a list of "Reference numerals in the drawings" is canceled.

Respectfully submitted,

Tomohiko TANIGUCHI
